

Ecological consultancy related to the development of Eastpoint (Oostpunt)

Curaçao, 2013 - 2014

Client info:

Name: The Ministry of Traffic, Transport and Urban Planning
Sector: Government
Location: Curaçao

Rationale: The Government of Curaçao prepared a new Zoning Plan for a 44 square kilometer area in the east of Curaçao (Eastpoint-area, locally known as Oostpunt). The plan was made public by the end of 2012. According to the legal procedure stakeholders could bring forward their viewpoints.

Approach: Joined a Governmental Committee and evaluated all viewpoints with respect to ecological and legal arguments. Assisted in public hearings and discussed ecological and legal aspects in the Governmental Committee. Drew up advice on ecological aspects for the Chairman of the Committee and for the Minister.
